LEADERSHIP FOCUS

Program Overview

Vision: Multiplying healthy, reproducing leaders for the Kingdom.

Mission: Partnering to develop healthy, growing missional leaders to expand the Kingdom of God in the present age.

Overview

Leadership Focus is the credentialing tool used within the Church of God Movement. It is a 6-course curriculum that supports the requirements outlined in the Credentials Manual of the Church of God, and is designed to prepare leaders for ordination. Candidates are assigned to a cluster group that they will journey with throughout a nearly 3-year process; each cluster is comprised of 3-6 individuals from a variety of locations across the country. An experienced coach is assigned to the cluster for each course. Over the course of the Leadership Focus journey, candidates will glean from the experience of 6 different coaches. Candidates will review and complete assignments, access resources, and track progress using Canvas, an online educational platform.

Core Values

Leadership Focus exists to provide easy access to valuable missional resources, training, and coaching that will prepare and credential a new generation of bold, Christ-centered leaders through an emphasis on the following four core values:

1 Spiritual Formation

Understanding the source of strength for ministry.

A sacred environment that encourages each candidate to define their journey with God as a growing and vibrant relationship out of which ministry flows every day in every place you find yourself.

2 Competencies

Honing the skills necessary to succeed.

Understanding one's own leadership style; skillfully developing and leading teams; accurately identifying and diagnosing the health of a congregation or ministry.

3 Missional

Outreach and commissioned leadership.

The primary focus of all that we present in Leadership Focus is to clarify that our lives and ministries in Christ are only truly biblical and authentic when they are orchestrated in light of the Great Commission through sacrificial Great Commandment living.

4 Community

Commitment to accountability, growth, and excellence.

The coach and members of each cluster understand their community to be the present body of Christ where they have been placed by divine appointment for divine purposes.
